DAISY HOME 

We have been providing services within the textile industry for over 30 years from the first moment we started working in the retail sector in 1985. By combining our sector experience with our 10 years of international trading experience, as manufacturers we stand shoulder to shoulder with our customers. Our aim is to present you with the best products at affordable prices.

We guarantee satisfaction with our fast, flawless workmanship, affordable prices, and second-to-none aftersales support.

Our main policy is to provide 100% customer satisfaction; we started this journey by promising this to our customers.

We have several unique products including duvet covers, sheets, pillow cases, pillows, duvets, multi-use covers, under sheets, and towels for every need; we supply wholesalers nationally and internationally with our vast array of products suitable to all tastes and budgets.

For places such as hotels, hospitals, dorms and guesthouses where there is a huge turnover of customers, we use the highest quality threads that are densely woven to provide durable fabrics.

We manufacture custom-made products with unlimited fabric options that can be washed regularly, do not stain easily and can have special prints for any size you desire.

For all your orders you can experience the advantage of the most affordable prices for the manufacture of your specially designed products, straight from the factory.

You dream it, we'll make it.

We use premier quality fibres for our pillows, and according to your needs we can fill our pillows to whatever weight required. An unlimited choice of durable fabrics is available for the covering. All our pillows can be washed time and time again to ensure a long, useful life.

According to your needs we can also produce fabrics with logos or special designs.

On request we can further produce pillows filled with cotton, feathers or wool.

Please contact us for more information regarding our unique unlimited fabric options and for any further requests.

PILLOW

A microfibre pillow provides a good night's sleep because of the anti-bacterial and anti-allergic materials used. As these pillows can be washed, they provide an economic solution for years of peaceful and healthy sleep.

SLEEP UPON THE CLOUDS

The best way to leave behind the stress and tiredness of the day is to get a good night's sleep.

Let us introduce you to anti-stress technology; carbon wires embedded within the cotton fabric of these pillows will allow you to rid yourself of all stress from the moment you lay your head down. Carbon wires help release your body from the static electricity you accumulate throughout the day, allowing you to wake up stress-free!

A HEALTHY NIGHT'S SLEEP WITH FASHIONABLE QUILTS

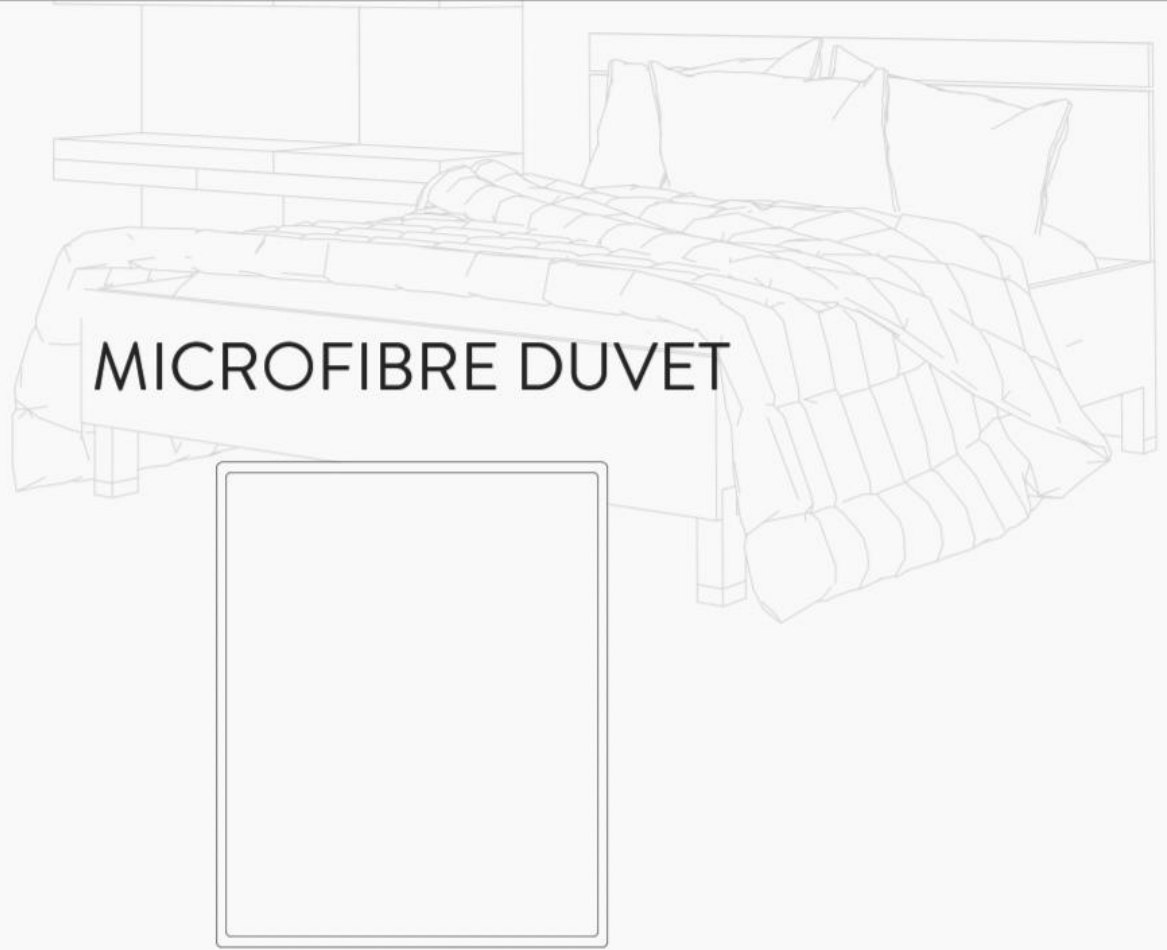

We use premier quality fibres for our duvets, and according to your needs we can fill our duvets to whatever weight required. The duvet case can be made from an unlimited range of durable fabrics. Like our pillows, our duvets can be washed again and again for a long and useful life. Our duvets are quilted to a size and pattern to meet your requirements.

According to your needs we can also produce fabrics with logos or special designs.

On request we can further produce duvets filled with cotton, feathers or wool.

DUVET

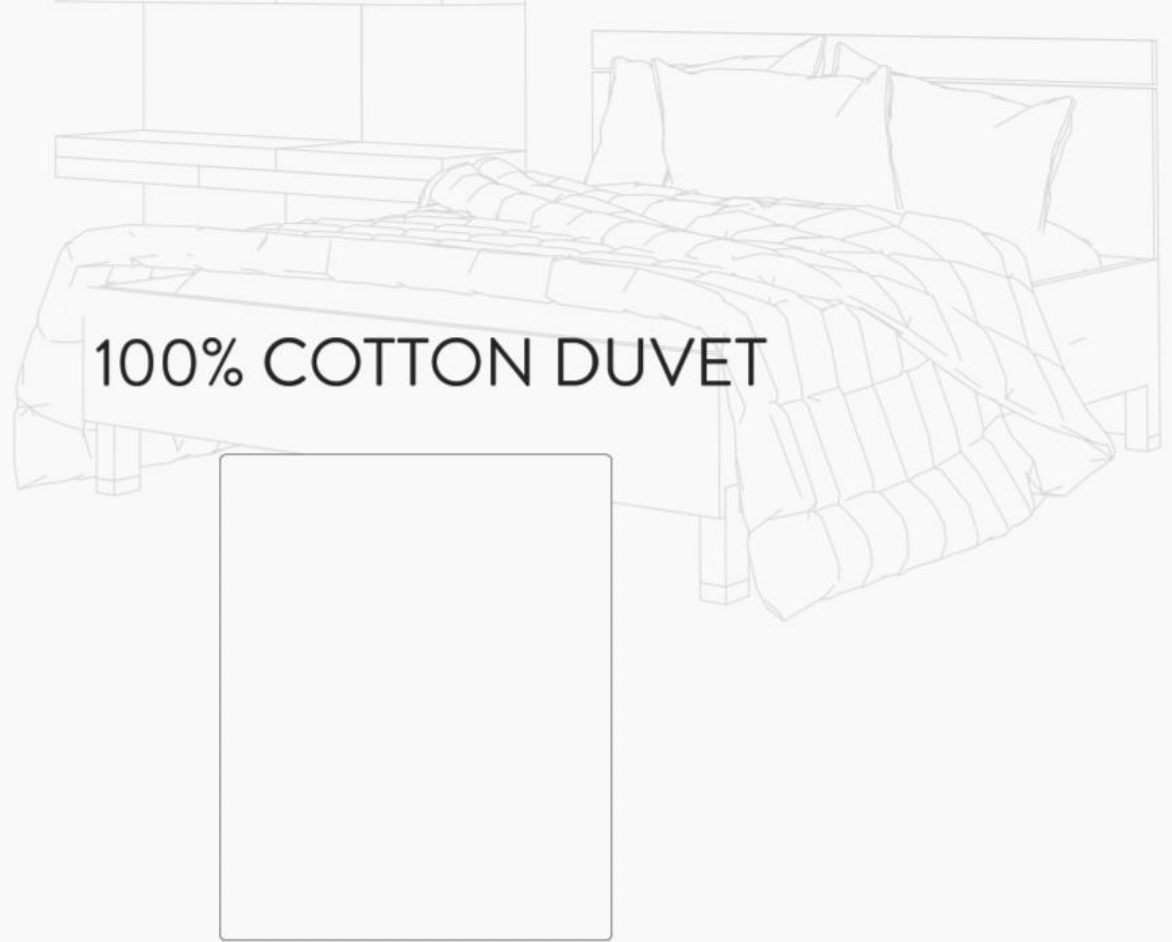

MICROFIBRE DUVET

Our microfibre duvets allow your body to breathe during sleep because of their anti-bacterial and anti-allergic properties; they are ideal for those with sensitive skin or people with allergies. They dry quickly and do not crumple easily. They allow you to have a healthy night's sleep.
